Tuesdays have gone by as they have been reporting their impact on the growth rate of various companies. It is instructive to compare how they have performed over the years as the market has been moving up and down. The word “leader for a day” has been prominently used in The Wall Street Journal and other international newspapers. Sudhir Venkatesh, the author of the concept, was present in the town of a city in the United States, where his book “Gangsta’s Guide to the Oil Industry” was being launched. It is reported that he had just received a very large bonus, which he had been waiting for. This job he said was a no-brainer. Given the current situation in the field, it is desirable to discuss how Indian companies can learn from the experience of leading global companies.

The central government cannot be absolved of responsibility for the current mess. For, without a strong government, it is impossible to have a strong economy. The government of the United States has always been strong and has always provided good leadership. It is also instructive to compare how they have performed over the years as the market has been moving up and down.
